

MATT ANDERSON

WEB DEVELOPER & WEB TECHNOLOGY INSTRUCTOR
WWW.BACKATTHERANCH.CA

OBJECTIVE

Making a difference by building usable, highly performant web experiences with clean, modern code, in a progressive and positive organization.

SKILLS

I excel at the intersection of user experience and quality code, building resilient front end experiences.

- HTML5/CSS/Sass
- JavaScript/Grunt/Gulp/NPM
- D3JS for visualizations
- Angular, AngularJS
- Git
- Adobe Creative Suite
- Human-centred design
- Agile Processes

EXPERIENCE

SENIOR WEB DEVELOPER

2014-2019

CENTRAL 1

Front-end web development for a complex banking system that provides a white-labelled SaaS for hundreds of credit unions across Canada. Currently primarily working on the new retail banking product.

Projects:

- Alexa Skill for bill payments, balances and transfers through voice activated services.
- Migrating features of the mobile app from web content generated on the server side to built-in Ionic components that consume REST web services.
- Online voting for credit union elections within the mobile app.
- Lock and block feature that gives customers the ability to lock out debit cards that may be lost or stolen, or block individual actions. (recognized by colleagues for delivering feature ahead of schedule)

INSTRUCTOR

1996-2014

CAPILANO UNIVERSITY

A core instructor for many courses in the IDEA and Interactive Design (program closed in 2014) Programs.
